Importance: High

Good afternoon Suzanne—attached as requested, please find the second submission of Pennsylvania's 2018-19 programmatic milestones, with the additions discussed with EPA on our May 30th conference call (added milestones are highlighted for ease of review). We believe these additions should clarify and resolve many of the items raised during EPA's evaluation.

We look forward to the final fatal flaw draft of the EPA evaluation as well as the watershed-wide fact sheet for review in the coming weeks. IN the meantime, if we can be of further assistance, please let me know.

Thank you--
Kristen Wolf
